(a) Boundary bands

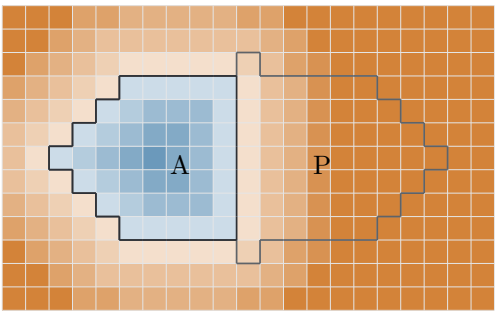

Blue: inner band; orange: outer band.

(b) Adjacent-voxel relations

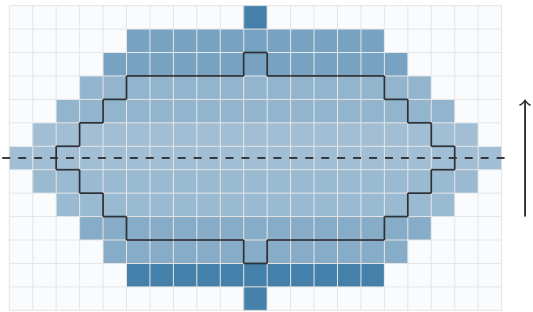

Orange: reference label changes.
Blue: reference labels agree.

(c) Signed distance: class A

Blue: $\varphi_{i,A} < 0$; orange: $\varphi_{i,A} > 0$.
Darker colour: larger distance magnitude.

(d) Depth-weighted supervision

Darker blue: larger voxel weight.
Dashed line: reference plane in this view.
